MV Grand Banks \$120,000

It might not be a Grand Banks but it is the next best thing. This is the perfect family/cruising launch lovingly maintained and upgraded by the present owners. Built in 1981 by Lanes & Gladden she remains true to the classic style of Grand Banks cruising launches. Solid kauri with teak detailing and quality traditional brass fittings, she was stripped down and topsides completely repainted in 2017.

The main saloon features spacious seating and dining area with main steering station. The galley includes an extended tiled bench with inset sink, four burner gas hob and oven, ample storage and new solar powered fridge as well as a chiller fridge. A double berth to the rear as well as the bow ensures plenty of sleeping quarters and the roomy bathroom including separate shower, toilet and basin adds to convenience.

The roomy cockpit is perfect for fishing and enjoying the summer days, enhanced with an extended teak swim-board deck. Secure your family fun boating days on this well loved launch.
